

## Packing List for the Ladies

Ladies, to better help you prepare for your cruise vacation, here are some guidelines on what to pack. Keep in mind that even though you are cruising to a "relaxed" destination, your own taste, interests and activities will determine what you bring. Once you have all of your clothing selected and ready to pack, you should consider mixing some of your clothing with your husband's. Should one of your suitcases be lost, one of you will not be totally without. Nothing is worse than you having your cocktail dress and your husband's tux is missing

You will need three types of clothing: casual shipboard attire or day wear, comfortable apparel for sightseeing and something for evening wear. Properly packed, you should be using two suitcases for a cruise, plus at least one decent sized carry-on. (Airlines allow a roller carry that can go in the overhead storage and one personal bag or knap-sack that must fit below the seat. Try to minimize as much as possible so you have space left to take some souvenirs home. Start packing a week early so you won't forget something.
